

GM Lighting®

LTR-S COB (Chip-On-Board) Indoor / Outdoor Specification Series LED Tape

SEAMLESS LED TAPE LIGHT WITH A STUNNING FLOW OF AMBIENCE

Chip On Board is an exciting new 'state of the art' technology where multiple LED chips are encased in a row of phosphor producing a glare-free light source. Chip-on-board technology maintains not only the best performance, but it also provides improved flexibility and a longer life span.

- 1.5W / 3W, 24VDC
- 2700K, 3000K, 3500K and 4000K color temps
- 95+ CRI
